2. The following is an examiner's statement of reasons for allowance:

Regarding claims 1 and 2, the prior art fails to disclose or make obvious an encoder comprising, in addition to the other recited features of the claim, "a first track comprising a plurality of alternating reflective and non-reflective stripes arranged on said outer surface."

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
